

# **Credit Unions in NYC**

This list is not meant to be exhaustive—if you do not see a credit union for which you are eligible, check [www.ncua.gov](http://www.ncua.gov), or ask the HR manager at your employer if your work makes you eligible for a credit union membership.

Many churches have also formed credit unions (too numerous to list here—check with your religious leader). Notably the Ukrainian Orthodox church is very active.

Credit Unions are **not** owned by their sponsor organization (e.g., NYU or NBC), but are independent legal entities owned 100% by their member/depositors. One person, one vote.
